

18th Edition Award in the Requirements for Electrical Installations BS 7671:2018

Course Level: Level 3

Campus: Stafford

Subject Type: Construction & Engineering

Course Overview:

Study the 18th Edition Award to get up to speed with current regulations within the electrical industry. This industry required qualification is aimed at practising electricians with relevant experience and other allied professionals such as surveyors, consultants and other trades needing to update and enhance their understanding of IET Wiring Regulations. It is also suitable for anyone wishing to demonstrate an understanding of the IET 18th Edition Wiring Regulations (BS 7671).

What's Covered:

The 18th Edition is the term commonly used in the industry when referring to the latest British Standards BS 7671:2018 Requirements for Electrical Installations, IET Wiring Regulations. This award will give learners an understanding of the application of the Eighteenth Edition (and amendments).

It provides a facility for individuals working in the electrotechnical sector to develop and/or enhance their knowledge of the Requirements for Electrical Installation.

Entry Requirements:

There are no formal entry requirements for this qualification.

Assessment Information:

There are no formal entry requirements for this qualification.

Progression:

Students may wish to undertake the following courses:

- EAL Level 3 Award in the Requirements for the Installation of Electric Vehicle Charging Points
- The Design and Verification of Electrical Installation
- The Initial Verification and Certification of Electrical Installations

What else do I need to know?

This is a roll-on, roll-off qualification that is commenced at anytime during the year based on demand.

This course can be taken as can be taken as an exam only qualification.

Please be aware that by holding the 18th edition qualification does not mean you are qualified to work as an electrician.
