Course Level: Level 4

Campus: Stafford

Subject Type: Construction & Engineering

Course Overview:

Kickstart your career in construction with a this Quantity Surveying Apprenticeship which is designed to develop your expertise in managing costs and contracts on real projects. As an apprentice, you'll gain hands-on experience in monitoring budgets, maximising value, and ensuring projects are delivered on time and within financial targets. Designed for those new to the profession or junior team members looking to grow, this apprenticeship will equip you with the skills, knowledge, and confidence to progress in the dynamic world of cost management and make a real impact in the construction industry.

What's Covered:

The occupation covered by this standard is Construction Quantity Surveying Technician. Typical job titles can include: Assistant Quantity Surveyor, Assistant Construction Surveyor, Quantity Surveying Technician, Assistant Cost Engineer or Assistant Cost Analyst. Construction Quantity Surveying Technicians are associated with the monitoring and control of costs and contracts on construction projects and are based on sites or in offices.

Entry Requirements:

In order to optimise success candidates will typically have 5 GCSE's at Grade C (Grade 4/5 in the new numerical GCSE grading system) or above, including Mathematics, English and a Science, Technology or Engineering related subject, and 90+ credits in Engineering at level 3. *(As further guidance, the level of Mathematics has an advisory GCSE level of grade B (Grade 5/6 in the new numerical GCSE grading system)

Assessment Information:

Your progress is continually monitored throughout the course. Assessments are arranged when necessary and these take place on-the-job.

Together with the college day release courses, which would be over 36 - 42 months.

Fees and Financial Support:

While you are on an apprenticeship your employer pays you a salary and supports you whilst you undertake your training

Progression:

If you successfully achieve all parts of the apprenticeship, your assessor will discuss with you and your employer the next steps to take. Dependent on your roles and responsibilities, this may be the next level of the subject you have been studying already or a different pathway.
