What's Covered:

The "English to Help your Children" (Primary) course is a series of friendly and supportive sessions that explore how your children are taught in primary school. The course will be delivered by a Primary English subject expert who will provide the opportunity to learn about up-to-date practice used by Primary Teachers and discover and try out method methods that you can use at home to help your children to consolidate their learning and become more confident at school.

During the course you will explore:

- Phonic knowledge and skills as the route to decoding words
- Reading through blending sounds in unfamiliar words
- The use of Prefixes and Suffixes
- What are children expected to know by Year 6? What do KS2 assessment questions look like?

You will also develop your own literacy skills around reading, spelling, punctuation and grammar, which will help you to become more confident with supporting your child on their learning journey up to KS2.
