

# Conditioning Systems and Diagnosis and Repair of Mobile Air Conditioning/Climate Control Systems

Course Level: Level 3

Campus: Stafford

Subject Type: Motor Vehicle & Hybrid  
Technology

## Course Overview:

These qualifications in Mobile Air Conditioning can be a first step into the vehicle-based air conditioning sector. It also helps people already working in the sector further develop their skills and get an acknowledgement of what they already offer. As part of the qualification you gain a licence to handle refrigerants in compliance with EU regulations (EC) 307/2008. You also learn about the underlying principles and mechanics of air conditioning systems.

*This course runs on demand. Please complete the enquiry form.*

## Entry Requirements:

The qualification is for those who are already practicing in the industry, or for those whose aim is to enter the industry and for those wanting to gain a certificate for their own personal skills development.

## Fees and Financial Support:

If you are 19-23, it is your first Level 3, and are studying an SFA approved Level 3 programme you may be eligible for full fee remission.

You can apply for an Advanced Learner Loan or Higher Education Loan to help with the costs of your course if you are 19 or older and the course you are studying is an eligible Level 3, 4, 5 or 6 course. If you have any queries with regards to the funding of your course, please contact Charlotte Robertson on 01782 254141 or email [charlotte.robertson@nscg.ac.uk](mailto:charlotte.robertson@nscg.ac.uk)
