

Level 2 Certificate in Common Health Conditions

Course Level: Level 2

Campus: Newcastle

Subject Type: Care, Education, Nursing & Midwifery

Course Overview:

Gain valuable insights into monitoring the health of individuals affected by various health conditions. Explore topics such as cardiovascular disease, stroke awareness, arthritis awareness, physical disability and Parkinson's disease awareness. Learn about the causes, symptoms, and management strategies for each condition.

What's Covered:

The course covers the following topics:

- Understand how to contribute to monitoring the health of individuals affected by health conditions,
- Understand cardiovascular disease, stroke awareness, arthritis awareness,
- Understand physical disability and parkinson's disease awareness.

Entry Requirements:

Be working or volunteering in a health and social care environment or other relevant working environment; have a basic level of English in order to complete the written assessments.

Assessment Information:

This is an online learning course and will require the learner to commit to self study hours in order to complete the assessments.

Each learner will be assessed via interactive online resources and end of unit assessment questions. Assessments must be completed in the agreed timescale and submitted to the assessor who will then provide feedback, advice and guidance, and, additional support where needed.

Fees and Financial Support:

A range of financial support may be available for adult students to help towards the cost of your fees, equipment, childcare and/or other expenses while studying, depending on your personal circumstances and the course you are studying. [For more details visit nscg.ac.uk/finance](https://www.nscg.ac.uk/finance)

Progression:

There are further Level 2 certificates that you may progress to, which include: mental health problems, dementia care, and infection control, care planning, autism, learning disabilities, equality and diversity, nutrition. Also you may progress to a Level 2 or 3 Diploma in Adult Health and Social Care or progress on to an apprenticeship within the sector.
