

BTEC Entry 3 Certificate

Ofsted Outstanding Provider

Course Level: Entry Level | **Campus: Newcastle** | **Subject Type: Science & Maths**

Course Overview:

Tailored for individuals eager to advance their skills, this program offers a stepping stone to further education or employment. Through a combination of classroom learning and practical application, you will develop a diverse skill set relevant to your chosen field.

What's Covered:

The course aims to equip you with the skills and qualifications to progress onto a Level 1 programme or to improve your chances of obtaining paid employment. This is a one year course, where you will develop your Maths and English alongside your ability to organise, plan and produce assignment work.

Entry Requirements:

This programme has no formal entry requirements but you should be able to work at Entry Level 3.

Assessment Information:

Alongside the development of your English and Maths, we complete 3 main phases on our Entry 3 Foundation Course.

Phase 1 - Initial assessment, Student welfare, Mind-set, Teambuilding, Assignment guidance, Organisation and Enrichment.

Phase 2 - Vocational assessment period (2 core and then choice of units)

Phase 3 - Next steps - Preparation for Level 1, Employment support and career guidance.

Fees and Financial Support:

This course is free for anyone aged 16 – 18.

College Maintenance Allowance (CMA):

Anyone with a gross household income under £35,000 can receive financial support to cover college related costs such as transport, meals, course equipment and uniform. Bursary support is based on individual circumstances and will be allocated to best suit your individual needs. A range of other financial support is available depending on your personal circumstances. For more details visit nscg.ac.uk/finance

Progression:

Students who compete this course commonly move onto the level 1 Progression Pathways course, or employment.
