

Level 2 Diploma in Carpentry and Joinery

Ofsted Outstanding Provider

Course Level: Level 2 | **Campus: Newcastle** | **Subject Type: Construction & Engineering**

Course Overview:

Master the craft of carpentry and joinery with our Level 2 Diploma program. Dive into advanced techniques for woodworking, joinery and construction. Gain hands-on experience in reading using power tools and executing complex projects. This comprehensive program equips you with the skills and precision required for a successful career in carpentry and joinery. Whether you aspire to work in residential construction, furniture making, or restoration, this diploma is your pathway to excellence in the field.

What's Covered:

You will learn about basic issues relating to construction including working safely, communication skills and building methods and construction technology to enable you to progress to further training oremployment.

You will spend a large amount of your time developing your practical skills by completing a range of practical projects in our workshops. You will also have classroom based sessions and computer-based learning resources that you will use to develop your understanding of the tools, materials and technologies used in your trade.

You will be expected to complete work outside your main classes.

100%

pass rate

Entry Requirements:

You will need 4 GCSEs at grade 3 or above also you need to have achieved a Level 1 Diploma in Carpentry and Joinery. However, if you have a keen interest in the subject and commitment to succeed, your entry requirements will be discussed at your course discussion appointment.

Top FE College

Assessment Information:

You will be assessed by the use of practical assessments and assignments that will form a portfolio of your work. You will also complete practical and theory tests at the end of your training course.

Fees and Financial Support:

This course is free for anyone aged 16 – 18.

College Maintenance Allowance (CMA):
Anyone with a gross household income under £35,000 can receive financial support to cover college related costs such as transport, meals, course equipment and uniform. Bursary support is based on individual circumstances and will be allocated to best suit your individual needs. A range of other financial support is available depending on your personal circumstances. For more details visit nscg.ac.uk/finance

Progression:

Having completed the course, you will be well prepared to progress to the Level 3 Diploma in Site Joinery. You will also be well prepared to move into employment with construction companies including becoming an advanced apprentice. Here, you would work on site for four days per week

but continue your learning at College one day a week.
