

Level 1 Diploma in Construction (Brickwork)

Ofsted Outstanding Provider

Course Level: Level 1 | **Campus: Newcastle** | **Subject Type: Construction & Engineering**

Course Overview:

Build your future in Construction with our Level 1 Diploma in Brickwork. Gain hands-on experience in Bricklaying techniques, understanding of Construction materials and Health and Safety practices. Through practical workshops and theoretical lessons, you will develop the essential skills needed in the Construction industry. Join us to lay the foundation for a successful career in Brickwork.

What's Covered:

This comprehensive course offers an excellent introduction to the field of Bricklaying while equipping you with essential general construction skills. Throughout this programme, you will develop your practical, knowledge and skill set in Bricklaying.

Key Course Components:

Practical Skills Development
: A significant portion of your course time will be dedicated to honing your practical skills through a variety of hands-on projects conducted in our well-equipped workshops

Classroom and Computer-Based Learning
: Alongside practical training, you'll engage in classroom-based sessions and utilise computer-based resources to deepen your understanding of the tools, materials, and technologies essential to the Bricklaying trade.

Work Experience Opportunities:
You are required to complete 24 hours of valuable work experience as an integral part of the course to further enhancing your readiness for the industry.

Industry Exposure:
To provide you with real-world insights, the course includes visits to construction companies, allowing you to gain first-hand knowledge of construction practices in diverse settings.

In summary, this course not only gives you the fundamental skills and knowledge required for Bricklaying but also ensures a well-rounded education that opens doors to higher education, employment, or apprenticeship opportunities in the construction sector.

Progress

to Level 2

Entry Requirements:

As a condition of being offered a place on this course, you would be expected to meet the following entry requirements:

- Submit a school report showing your attendance, behaviour and effort details
- You will need to achieve/have achieved GCSEs at grade 3 or above in Maths and a grade 2 or above in English Language.

Assessment Information:
You will be assessed by the use of practical assessments and assignments that will form part of a portfolio of your work. You will also complete practical and theory tests at the end of your training course.

Fees and Financial Support:

This course is free for anyone aged 16 – 18.

College Maintenance Allowance (CMA):

Anyone with a gross household income under £35,000 can receive financial support to cover college related costs such as transport, meals, course equipment and uniform. Bursary support is based on individual circumstances and will be allocated to best suit your individual needs. A range of other financial support is available depending on your personal circumstances. For more details visit nscg.ac.uk/finance

Progression:

Upon successfully completing the Level 1 Diploma, you'll have the opportunity to advance to a Level 2 Diploma in Bricklaying or a Level 2 Apprenticeship standard in Bricklaying at Newcastle and Stafford Colleges Group or opt for a Traineeship with another provider. The Level 2 Apprenticeship standard incorporates a diverse array of knowledge, skills, and behaviours necessary to excel in your profession and successfully complete the end point assessment.

What else do I need to know?

Attendance to our departmental Experience Day in June 2027 will be an entry requirement onto any course within the Construction and Engineering department.
